CMS32F033SS24

32-bit microcontroller

Brand
Cmsemicon

Package
SSOP24

Catalog specifications

Core	**Arm Cortex-M0**
Maximum clock	**64 MHz**
Flash	**32 KB**
SRAM	**8 KB**
Operating voltage	**2.1–5.5 V**
Operating temperature	**−40 to +105 °C**

Engineering enquiries

For test conditions, drawings or ordering options, request the manufacturer document for your exact part number.
